WHERE IT LIVES

EMERGENT
130 ft+ (40 m+)

◂ **LIVES HERE**
CANOPY
100–130 ft (30–40 m)

UNDERSTORY
below the canopy

FOREST FLOOR
the ground

FOUND IN Central and South America

HOW BIG?

Sloth about 2 ft (60 cm) long

Grown-up about 5 ft 4 in (1.63 m) · **Kid, age 7** about 4 ft (1.22 m)

It would only come up to a 7-year-old's belly button!

Sloth

Brown-throated three-toed sloth

Say it: SLAWTH

It climbs down from its tree only about once a week, to go to the bathroom!

☐ **Can you count the three claws on its hand?**
